

AURION // MEDICAL TRIAGE REPORT

Report Generated: 2025-12-06 16:24

Session Date: 2025-12-06

Time (HST): 04:24 PM - 04:24 PM

Patient: Mr. Lok

CHW Name: Unknown

CLINICAL ASSESSMENT SUMMARY

The Community Health Worker, who did not introduce themselves by name, greeted Mr. Lok and inquired about his current state. The patient's audio energy score suggests lethargy, despite the positive nature of the greeting.

COMMUNICATION QUALITY ANALYSIS

Open-Ended Questions: 1

Closed-Ended Questions: 0

Open-Ended Ratio: 100.0%

Quality Assessment: EXCELLENT. High use of open-ended questions promotes patient narrative.

DETECTED ISSUES & GUIDED SOLUTIONS

No specific health cues requiring intervention were detected in this session.

FULL TRANSCRIPT

CHW: Hello Mr. Lok, how are you doing today?
